TARIFF FORMAT

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the Tariff page in effect.

C. Paragraph Numbering Sequence - There are various levels of alphanumeric coding. Each level of coding is subservient to its next higher level. The following is an example of the numbering sequence suggested for use in tariffs.

2.1
2.1.A.
2.1.A.1.(a).
2.1.A.1.(a).I.

D. Check Sheets - When a tariff filing is made with the Commission, an undated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

SECTION 1.0 – DEFINITIONS, (CONT'D.)

Non-Recurring Charge ("NRC"): The initial charge, usually assessed on a one-time basis, to initiate and establish service. (C)

NPA: Numbering plan area or area code.

Other Telephone Company: An Exchange Telephone Company, other than the Company.

PBX: Private Branch Exchange

Preferred Customer Discount ("PCD"): A discount added to the monthly invoice and deducted from the rack rate for grandfathered products and term contract discounts. (C)

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment which continue for the agreed upon duration of the service.

Remote Call Forwarding ("RCF"): A service whereby calls placed to a telephone number are automatically forwarded by central office equipment to another number designated by the end user. The Remote Call Forwarding number may be either a different exchange (remote) or another central office area within the same exchange (local). Additional paths may be provided to handle multiple calls to the Remote Call Forwarding number as long as there are at least an equal number of lines at the terminating end. Any toll portions of calls are billed to the Customer. (C)

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date. (C)

Competitive Local Exchange Carrier

SECTION 1.0 - DEFINITIONS, (CONT'D.)

Service Order: The written request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

User or End User: A Customer, Joint User, or any other person authorized by a Customer to use service provided under this tariff.

(C)

Competitive Local Exchange Carrier

SECTION 2.0 - REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission between points within the Commonwealth of Pennsylvania.

Customers and users may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

The tariff is in concurrence with all applicable state and federal laws including 52 Pa Code, 66 Pa C.S. and the Communications Act of 1934.

(C)

2.1.2 Shortage of Equipment or Facilities

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.
- B. The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.3 Terms and Conditions

- A. Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.
- B. Customers may be required to enter into written service orders, which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- C. At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party upon 30 days' written notice. Residential customers may discontinue service by giving 5 days' oral or written notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations that by their nature extend beyond the termination of the term of the service order shall survive such termination.

When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.3 Terms and Conditions, (Cont'd.)

- D. Prior to termination of service, the utility should mail or deliver written notice to the customer at least 10 days prior to the date of the proposed termination. Termination of service by a carrier to a residential customer should follow a two step process, whereby the carrier shall mail or deliver written notice to the customer at least seven (7) days before the date of proposed suspension regardless upon which suspension is sought. (52 Pa. Code §64.71) When at least ten (10) days have passed since suspension of service, the company may terminate service for failure to pay a reconnection fee and to remedy the original grounds for suspension due to any of the following reasons: 1) failure to make satisfactory arrangements to pay arrears, 2) failure to post a deposit, 3) failure to meet the requirements of a payment agreement, 4) failure to give adequate assurances that an unauthorized use or practice will cease. (52 Pa. Code §64.121)

Service may be terminated upon written notice to the Customer if:

1. the Customer is using the service in violation of this tariff; or
 2. the Customer is using the service in violation of the law.
- E. This tariff shall be interpreted and governed by the laws of the Pennsylvania Public Utility Commission regardless of its choice of laws provision.
- F. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.
- G. To the extent that either the Company or any other telephone company exercises control over available cable pairs, conduit, duct space, raceways, or other facilities needed by the other to reach a person or entity, the party exercising such control shall make them available to the other on terms equivalent to those under which the Company makes similar facilities under its control available to its customers. At the reasonable request of either party, the Company and the other telephone company shall join the attempt to obtain from the owner of the property access for the other party to serve a person or entity.

Competitive Local Exchange Carrier

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.4 Liability of the Company

- A. The liability of the Company arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in 2.6. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable to Customer in any other manner than as stated in 2.1.4 as a result of any Company service, equipment or facilities.
- B. Unless otherwise permitted by 52 Pa Code § 63.24(b)(3), the Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties. (C)
- C. The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.
- D. The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.

Competitive Local Exchange Carrier

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.4 Liability of the Company, (Cont'd.)

- E. The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal presence, condition, location, or use of any installation so provided. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this section 2.1.4.E as a condition precedent to such installations. (C)
- F. The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.
- G. The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services, involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.
- H. The entire liability for any claim, loss or damage from any cause whatsoever shall in no event exceed sums actually paid the Company by the Customer for the specific services giving rise to the claim. No action or proceeding against the Company shall be commenced more than one year after the service is rendered. (C)

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.4 Liability of the Company, (Cont'd.)

I. The Company makes no warranties or representations, express or implied either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.

J. Directory Errors - The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or any others, arising from errors or omissions in the making up or printing of its directories or in accepting listings as presented by customers or prospective customers, the Company's liability, if any, shall not exceed the amount paid for local exchange service during the period covered by the directory in which the error or omission occurred.

(C)

K. With respect to Emergency Number 911 Service:

1. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits, or any liability whatsoever, whether suffered, made instituted or asserted by the Customer or by any other party or person for any personal injury or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by : (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of service, or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of any equipment and facilities furnishing this service.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.4 Liability of the Company, (Cont'd.)

K. With respect to Emergency Number 911 Service, (Cont'd.):

2. Neither is the Company responsible for any infringement, nor invasion of the right of privacy of any person or persons, caused or claimed to have been caused directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of emergency 911 service features and the equipment associated therewith, or by any services furnished by the Company, including, but not limited to the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing emergency 911 service, and which arise out of the negligence or other wrongful act of the Company, the customer, its users, agencies, or municipalities, or the employees or agents of any one of them.
3. When a Customer with a nonpublished telephone number, as defined herein, places a call to the emergency 911 service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for emergency 911 service upon request of such governmental authority. By subscribing to service under this tariff, the Customer acknowledges and agrees with the release of information as described above.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.6 Provision of Equipment and Facilities

- A. The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.
- B. The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- C. The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer.
- D. Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided by the Company.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.6 Provision of Equipment and Facilities, (Cont'd.)

- E. The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.
- F. The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - 1. the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - 2. the reception of signals by Customer-provided equipment.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.7 Universal Emergency Telephone Number Service (911, E911)

- A. This Tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the Company undertake such responsibility.
- B. 911 information consisting of the names, addresses and telephone numbers of all telephone customers is confidential. The Company will release such information only after a 911 call has been received, on a call by call basis, only for the purpose of responding to an emergency call in progress.
- C. The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating station location are furnished to the Public Safety Answering Point.
- D. After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or other appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.7 Universal Emergency Telephone Number Service (911, E911), (Cont'd.)

- E. The Company assumes no liability for any infringement, or invasion of any right of privacy of any person or persons caused, or claimed to be caused, directly or indirectly by the use of 911 Service. Under the terms of this Tariff, the Public Safety Agency must agree, (except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct), to release, indemnify, defend and hold harmless the Company from any and all losses or claims whatsoever, whether suffered, made, instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the customer or others. Under the terms of this Tariff; the Public Safety Agency must also agree to release, indemnify, defend and hold harmless the Company for any infringement of invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion, or use of 911 Service features and the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 Service hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its user, agencies or municipalities, or the employees or agents of any one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.1 Undertaking of the Company, (Cont'd.)

2.1.8 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1.11 911 (Cont'd.)

C. Regulations

1. The Telephone Company, whether supplying service through its own facilities or the use of an underlying carrier, will comply with the Protocols as set forth in, and in the form of Service Provider E-9-1-1 Protocols, Service Provider E-9-1-1 Questionnaire and Testing Procedures in accordance with the Petition of Bell Atlantic-Pennsylvania, Inc. for a Declaratory Order Relating to the Provision of Master Street Address Guides; Docket No. P-0097 1203; Settlement Agreement of all Parties and Joint Petition entered August 7, 1998 *MSAG Order*.
2. The Telephone Company is indemnified under the Public Safety Emergency Telephone Act, Act 78 of 1990.
3. The Telephone Company's liability and insurance provisions are fully stated in its tariff's General Regulations.
4. Cases of Service interruptions affecting public health and safety shall receive priority attention under any and all conditions, particularly in time of disaster. Every appropriate resource will be utilized. The service provider will make reasonable best efforts to have its system fully functional as soon as possible, unless conditions beyond the service provider's control prevent service restoration.
5. The Telephone Company will not use the county's/municipality's MSAG for any purpose that is not directly related to and required for the provision of 9-1-1 service.
6. The Host Telephone Company will install the county's/municipality's MSAG in 'read/write' format and will not modify the content of the MSAG unless requested or permitted to do so by the county/municipality. A request to modify content by the Host Telephone Company shall be responded to by the county/municipality within (10) business days or the request is deemed to be approved. The request shall be in writing and shall set forth in reasonable detail the proposed modification and all reasons in support. The request shall be granted provided the modification is necessary for the Host Telephone Company's provision, maintenance, or upgrading of the 9-1-1 service.
7. The Telephone Company shall not otherwise modify the content of the MSAG, but may make formatting changes approved by the county/municipality necessary to enable the MSAG to conform to the telephone company's information system(s). The request shall be in writing and shall set forth in reasonable detail the formatting changes and all reasons in support. The county/municipality shall respond to the request in ten (10) business days or the request is deemed to be approved. The request shall be granted provided the formatting change does not impair the integrity and accuracy of the MSAG database. For the purposes of this regulation, a content or formatting change does not include the use of the MSAG content in telephone companies' operational support systems to validate customer information for input to the ALI database.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.2 Prohibited Uses

- 2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and Pennsylvania Public Utility Commission regulations, policies, orders, and decisions.
- 2.2.3 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.
- 2.2.4 A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

2.4 Customer Equipment and Channels

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

2.4.2 Station Equipment

- A. Terminal equipment on the User's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company Point of Connection.
- B. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.5 Payment Arrangements

2.5.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state, federal and 911 taxes, charges or surcharges (however designated) (excluding taxes on Company's net income) imposed on or based upon the provision, sale or use of Network Services.

2.5.2 Billing and Collection of Charges

The Company complies with the requirements of Chapter 64 in Title 52 regarding billing standards and practices for residential customers. In instances where sections of the tariff may conflict with Chapter 64, regulations in Chapter 64 will prevail.

- A. Non-recurring charges are due and payable from the customer within 30 days after the billing date, unless otherwise agreed to in advance.
- B. The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the billing date. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.
- C. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

2.5 Payment Arrangements, (Cont'd.)

2.5.2 Billing and Collection of Charges, (Cont'd.)

- D. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- E. A 1.25% Late Payment Charge applies to any unpaid balance carried forward from a monthly bill to the next month's bill. The Customers bill will be considered to be mailed within seven (7) days of the billing cycle and will be considered past due if payment is not received within thirty days after the billing date.
- F. The Customer will be assessed a charge of twenty dollars (\$20.00) for each check submitted by the Customer to the Company that a financial institution refused to honor.
- G. Customers have up to 90 days (commencing 5 days after remittance of the bill) to initiate a dispute over charges or to receive credits. The Bureau of Consumer Services has primary jurisdiction over complaints and Customers may contact the Bureau at the following address : Bureau of Consumer Services, Pennsylvania Public Utility Commission, P.O. Box 3265, Harrisburg, PA 17105-3265, or by calling: Phone No. 1-800-692-7380, FAX 717-787-6641. 2.5.3 Advance Payments

To safeguard its interests, the Company may require a non-residential Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to the non-recurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. Payments may be required in advance of furnishing any of the following services: (1) seasonal service, (2) the construction of facilities and furnishing of special equipment, (3) temporary service for short- term use. The advance payment will be credited to the Customer's initial bill. An advance payment may be required in addition to a deposit.

2.5.4 Deposits

- A. To safeguard its interests, the Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to:
 - 1. two months' charges for a service or facility that has a minimum payment period of one month; or
 - 2. the charges that would apply for the minimum payment period for a service or facility that has a minimum payment period of more than one month; except that the deposit may include an additional amount in the event that a termination charge is applicable.
- B. A deposit may be required in addition to an advance payment.
- C. When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account.
- D. Interest calculated under section 202 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 202), known to as the Loan Interest and Protection Law, shall be payable on deposits without deductions for taxes thereon. Interest shall be paid annually to the customer or, at the option of either the LEC or the customer, shall be applied to the customer's bill.

2.5.6 Cancellation of Application for Service

- A. Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service commenced (all discounted to present value at six percent).
- B. Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
- C. The special charges described in 2.5.6.A and 2.5.6.B will be calculated and applied on a case-by-case basis.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.5 Payment Arrangements, (Cont'd.)

2.5.7 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.6 Allowances for Interruptions in Service

Interruptions in service that are not due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer or the operation or malfunction of the facilities, power or equipment provided by the Customer, will be credited to the Customer as set forth in 2.6.1 for the part of the service that the interruption affects.

2.6.1 Credit for Interruptions

- A. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff. An interruption period begins when the Customer reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- B. For calculating credit allowances, every month is considered to have 30 days. A credit allowance for fixed recurring fees only is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.6 Allowances for Interruptions in Service, (Cont'd.)

2.6.1 Credit for Interruptions, (Cont'd.)

- C. A credit allowance will be given for interruptions of 30 minutes or more. Credit allowances shall be calculated as follows:

Interruptions of 24 Hours or Less --

<u>Length of Interruption</u>	<u>Interruption Period To Be Credited</u>
Less than 30 minutes	None
30 minutes up to but not including 3 hours	1/10 Day
3 hours up to but not including 6 hours	1/5 Day
6 hours up to but not including 9 hours	2/5 Day
9 hours up to but not including 12 hours	3/5 Day
12 hours up to but not including 15 hours	4/5 Day
15 hours up to but not including 24 hours	One Day

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

Refunds for service interruptions shall conform to 52 Pa Code §64.52.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.6 Allowances for Interruptions in Service, (Cont'd.)

2.6.1 Credit for Interruptions, (Cont'd.)

C. (continued)

Over 24 Hours and Less Than 72 Hours. Interruptions over 24 hours and less than 72 hours will be credited 1/5 day for each 3-hour period or fraction thereof. No more than one full day's credit will be allowed for any period of 24 hours.

Interruptions Over 72 Hours. Interruptions over 72 hours will be credited 2 days for each full 24-hour period. No more than 30 days' credit will be allowed for any one month period.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.6 Allowances for Interruptions in Service, (Cont'd.)

2.6.2 Limitations on Allowances

No credit allowance will be made for:

- A. interruptions due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer, authorized user, joint user, or other common carrier providing service connected to the service of the Company;
- B. interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company's facilities;
- C. interruptions due to the failure or malfunction of non-Company equipment;
- D. interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- E. interruptions of service during a period in which the Customer continues to use the service on an impaired basis;
- F. interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements; and
- G. interruption of service due to circumstances or causes beyond the control of Company.

2.6 Allowances for Interruptions in Service, (Cont'd.)

2.6.3 Cancellation For Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit that has been subject to the outage or cumulative service credits. In accordance with 52 PA Code § 64.53, a Customer is required to give at least five (5) days oral or written notice prior to cancellation.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.7 Use of Customer's Service by Others

2.7.1 Resale and Sharing

Any service provided under this tariff may be resold to or shared with other persons at the option of the Customer, subject to compliance with any applicable laws or Pennsylvania Public Utility Commission regulations governing such resale or sharing. The Customer remains solely responsible for all use of services ordered by it or billed to its telephone number(s) pursuant to this tariff, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

2.7.2 Joint Use Arrangements

Joint use arrangements will be permitted for all services provided under this tariff. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate, or discontinue service only from the designated Customer. Without affecting the Customer's ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.8 Cancellation of Service

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.6.1 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.2.

The Customer's termination liability for cancellation of service shall be equal to:

- 2.8.1 all unpaid Non-Recurring charges reasonably expended by the Company to establish service to the Customer; plus
- 2.8.2 any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Customer;
- 2.8.3 The maximum liability will not exceed all Recurring Charges specified in the applicable Service Order Tariff for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation; minus
- 2.8.4 a reasonable allowance for costs avoided by the Company as a direct result of the Customer's cancellation.

2.9 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties:

- 2.9.1 to any subsidiary, parent company or affiliate of the Company; or
- 2.9.2 pursuant to any sale or transfer of substantially all the assets of the Company; or
- 2.9.3 pursuant to any financing, merger or reorganization of the Company.

SECTION 2.0 - REGULATIONS, (CONT'D.)

2.10 Notices and Communications

- 2.10.1 The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- 2.10.2 The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.
- 2.10.3 All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 2.10.4 The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

2.11 Telecommunications Relay Service

2.11.1 General

The Pennsylvania Telecommunications Relay Service (PA TRS) is a relay telecommunication service for the deaf, hard of hearing, hearing and/or speech disabled population of the Commonwealth. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunication Devices for the Deaf (TDD)) and captioned-telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company’s switching equipment is arranged to translate the “711” calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with Commission’s Order entered on February 4, 2000 at Docket No. M-00900239.

2.11.2 Telecommunications Relay Service Rates

In addition to the charges provided in this tariff, a surcharge will apply to all residence and business access lines served by this Company. (Access lines are those lines extending from the telephone company’s central office to the end-user’s premises.) This surcharge applies regardless of whether or not the access line uses the PA TRS.

The surcharge serves as the funding vehicle for the operation of the PA TRS, Telecommunications Device Distribution Program and the Print Media Access Service Program and shall be calculated by the Pennsylvania Public Utility Commission (the Commission). The Commission shall compute the PA TRS surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period commencing with July 1 of each year.

The Commission may revise the surcharge more frequently than annually at its discretion.

Tariff revisions will be filed whenever the Commission calculates a new surcharge amount and notifies the Company.

SECTION 5.0 – LOCAL EXCHANGE SERVICE

5.1 General

Local exchange service is offered to business and residential Customers on a presubscription basis from equal access originating end offices only. Service is provided on a term basis only. Unless other specified, the minimum term is one (1) year. Rates for service may vary by call type and/or term commitment. Usage rates, per call charges and monthly fees may apply. In addition, applicable Service Order and other non-recurring charges may apply. Call timing is defined in the description for each service. Service is available 24 hours a day, 7 days a week. Service is available where technically feasible and where facilities permit.

5.1.1 Application of Business and Residential Rates

- A. The determination as to whether telephone service should be classified as Business or Residential is based on the character of the use to be made of the service. Service is classified as Business service where the use is primarily or substantially of a business, professional, institutional, or otherwise occupational nature. Where the business use, if any, is incidental and where the major use is of a personal or domestic nature at the person's dwelling, service is classified as Residential service.
- B. Business rates apply at the following locations, among others:
 - 1. In offices, stores and factories, and in quarters occupied by clubs, lodges, fraternal societies, schools, colleges, libraries, hospitals, and other business establishments.
 - 2. In residence locations where the place of residence is in the immediate proximity to a place of business and it is evident that the telephone in the residence is or will be used for business purposes, and in residence locations where an extension is located at a place where business rates would apply.
 - 3. In the residence of a practicing physician, dentist, veterinary, surgeon, or other medical practitioner who has no service at business rates at another location.
 - 4. In any residence location where there is substantial business use of the service and the Customer has no service at business rates.

SECTION 5.0 – LOCAL EXCHANGE SERVICE, (CONT'D.)

5.1 General, (Cont'd.)

5.1.1 Application of Business and Residential Rates, (continued)

C. Residence rates apply at the following locations, among others:

1. In private residences; in the residential portion of hotels, apartment houses, boarding houses, churches, or institutions when the use of the service is confined to the domestic use of the Customer and listings of a business nature are not furnished.
2. In the residence of a practicing physician, dentist, veterinarian, surgeon, or other medical practitioner provided that such residence is not a part of an office building and provided the Customer has service charged for at business rates another location.

SECTION 5.0 – LOCAL EXCHANGE SERVICE, (CONT'D.)

5.2 Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- 5.2.1 Calls are measured in durational increments identified for each service. All calls that are fractions of a measurement increment are rounded-up to the next whole unit.
- 5.2.2 Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- 5.2.3 Timing terminates on all calls when the calling party hangs up or the Company network receives an off-hook signal from the terminating carrier.
- 5.2.4 Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- 5.2.5 All times refer to local time.

SECTION 5.0 – LOCAL EXCHANGE SERVICE, (CONT'D.)

5.3 Basic Local Exchange Service

5.3.1 General

Basic Local Exchange Service provides a Customer with a telephonic connection to, and a unique telephone number on, the Company switching network that enables the Customer to:

- a) receive calls from other stations on the public switched telephone network;
- b) access the Company Local Calling Services and other Services as set forth in this tariff;
- c) access interexchange calling services of the Company and of other carriers;
- d) access (at no additional charge) to Company operators and business office for service related assistance;
- e) access toll-free telecommunications services such as 800 NPA; and access toll-free emergency services by dialing 0 or 9-1-1 (where available);
- f) access relay services for the hearing and/or speech impaired.

Basic Local Exchange Services cannot be used to originate calls to caller-paid information services (e.g., 900, 976) provided by other companies. Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company switch. Each Basic Local Exchange Service corresponds to one or more telephonic communications channels that can be used to place or receive one call at a time.

Individual line Residence and Business Basic Local Exchange Service is comprised of exchange access lines defined as follows:

Exchange Access Line - The service central office line equipment and all the Company plant facilities up to the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll service and for local calling appropriate to the tariffed use offering selected by the Customer.

SECTION 5.0 – LOCAL EXCHANGE SERVICE, (CONT'D.)

5.3 Basic Local Exchange Service, (Cont'd.)

5.3.2 Nonrecurring Charges

Nonrecurring charges apply to each line installed for the Customer. Nonrecurring charges are in addition to applicable service order charges contained in Section 4.1 of this tariff. All such charges will appear on the next bill following installation of the service.

A separate nonrecurring per line charge will apply where the Customer currently has service from the Incumbent LEC and requests an "As-Is" changeover of all current service(s) and features from the Incumbent LEC to the Company without any changes in such service or features. This Change Over Charge applies in lieu of the nonrecurring charges for installation.

d. Dial Tone Line Cell Classification

Please refer to Section 3 of this Tariff for the applicable Exchange Service Areas in each Dial Tone Line Cell.

For the purposes of determining an Exchange Area Dial Tone Line monthly rate for Birch customers in Verizon Service Territories, the Exchange Service Areas are classified into one of four Dial Tone Line Cells. The Cell Classifications are determined by the following criteria:

Dial Tone Line Cell	Classification Criteria
1	All Philadelphia and Pittsburgh City Exchange Areas or Zones with working pairs per square mile greater than 9,000.
2	All remaining Philadelphia and Pittsburgh City Exchange Areas or Zones.
3	All Philadelphia and Pittsburgh Suburban Exchange Areas or Zones and all other Exchanges with more than 500 working pairs per square mile.
4	All remaining Exchange Areas.

SECTION 5.0 – LOCAL EXCHANGE SERVICE, (CONT'D.)

5.3 Basic Local Exchange Service, (Cont'd.)

5.3.4 Caller ID Blocking

A calling party may block the passage of his/her telephone number, associated main listed name and voiceback of calling identification information to users or subscribers to Optional Central Office Services which utilize Signaling System 7 (SS7) technology. Per-Call Blocking will be automatically available to all Customers served by the Company, free of charge and on an unlimited basis.

Customers have two blocking options as follows:

A. Per-Call Blocking: To activate per-call blocking, a customer dials a special code prior to placing a call. Blocking will be activated for that outgoing call only. There is no charge for using per-call blocking, and it is provided on an unlimited basis.

B. Line Blocking

Line Blocking must be added to a customer's line by contacting the Telephone Company's business office and having a service order issued. All calls are automatically blocked when a customer subscribes to line blocking unless the blocking feature is deactivated. If a customer subscribes to line blocking, he/she can deactivate blocking by dialing a special code prior to placing a call. Blocking will be deactivated for that outgoing call only.

As facilities permit, a line blocking customer will be provided with a separate code to deactivate blocking, which is different from the per-call blocking code. Where this separate code is not available, the code for per-call blocking and the code to deactivate line blocking will be the same. Line blocking is provided without charge for the initial request. Thereafter, requests to add or remove per line blocking will result in the assessment of a Line Change Charge.

Customers who use either per-call blocking or line blocking may be unable to complete calls to Caller ID Number/Caller ID Name subscribers who have activated the Anonymous Call Rejection feature of Caller ID Number/Caller ID Name Service. If a customer using blocking calls a Caller ID Number/Caller ID Name subscriber who has activated Anonymous Call Rejection, he/she will hear an announcement that the Caller ID Number/Caller ID Name subscriber is not accepting blocked calls. There are several ways to complete a call to a Caller ID Number/Caller ID Name subscriber who has activated Anonymous Call Rejection: (1) place the call through an operator; (2) place the call using a calling card; or (3) place the call without blocking. Options (1) and (2) involve charges in addition to the cost of the call.

C. SmartATM (3)

The SmartATM Service is only available to business subscribers and provides the following services (includes Touch-Tone):

- (1) Business individual lines for Automated Teller Machines only.
- (2) Unlimited calling to 800 toll-free numbers.

The rate specified herein is subject to a 12-month service term.

1. Regulations and Service Limitations

Calls made outside the perimeters of the service description shown above are subject to normal tariff violation treatments and/or tariff charges.

Charges for this service commence when the company's information records are posted and are payable monthly in advance.

Charges for service are automatically discontinued upon service termination.

If service is terminated before the 12-month term, a charge of \$10 per month will be applied for each line currently or previously classified as a SmartATM line. This charge will be imposed based upon the remainder of the commitment period.

Existing SmartATM subscribers may not take advantage of special promotions or rate changes prior to the end of the 12-month service term. This is applicable to existing lines only. New lines may qualify for any special promotions or price changes.

D. Footnotes

- (1) Former Navigator Customers will be billed a bundled flat local rate effective June 25, 2009. Any metered or measured usage, along with certain fees, will be combined into a single bundled flat line rate. The new bundled local rate has been calculated by adding together the main line rate, the last six months' average of local usage charges for any measured or metered use, any local or extended area calling plan charges, business or residential package charges, End User Common Line Charge and Pre-subscription Charge. In summary, your new bundled rate reflects your previous Navigator rates for the same services and fees.
- (2) Former Navigator Customers using this product will now be billed under the product name BirchNet Essentials.
- (3) Former Navigator Customers using this product will now be billed under the product name BirchNet Value Line.

5.3 Basic Local Exchange Service, (Cont'd.)

5.3.10 Payphone Service Provider (PSP) Services

5.3.10.A Rules and Regulations

1. Service for Payphone Service Provider (“PSP”) Telephones is an exchange line service provided at the request of the subscriber for telecommunications use.
2. Service is provided for use with PSP telephones.
3. The carriage and completion of all local dialed calls including operator service functions are provided by the Company.
4. Service is provided subject to the condition that telephone messages (local and long distance) placed from stations that are accessible to the public are completed over PSP lines (or other Public or Semipublic lines). Where service is furnished, any type or grade of residence or business service offered regularly at that location may be furnished in addition, provided such residence or business service is confined to locations solely for use by the particular establishment.
5. Service may not be attached to other types of access lines. A subscriber must order a separate PSP Access line for each PSP telephone installed and will be billed the business rates for each line.
6. Service may only be provided as Two-Way service, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
7. For customers subscribing to Caller ID - Deluxe, if the incoming call originates from a customer provided public telephone, the name information transmitted will always be "Pay Phone".
8. The PSP shall be responsible for the installation, operation and maintenance of any PSP instruments used in connection with this service.
9. The PSP shall be responsible for payment of a nonrecurring charge as specified in this tariff for each visit by the Company or its agent to the customer's premises solely to determine that the service difficulty or trouble report results from the use of equipment or facilities provided by the customer.

5.3 Basic Local Exchange Service, (Cont'd.)

5.3.10 Payphone Service Provider (PSP) Services (Cont'd)

5.3.10.A Rules and Regulations (Cont'd)

10. PSP telephones must be connected to the telephone network in compliance with Part 68 of the FCC Rules and Regulations as well as regulatory requirements. The telephones must have the following operational characteristics:
- (a). Must be lighted during the hours of darkness when light from other sources is not adequate to read instructions and use the payphone.
 - (b). Must be able to access 911 Emergency Service, where available, at no charge to the calling party. Where 911 is not available, must be able to access the "Operator", at no charge to the calling party. The appropriate emergency number (Operator, 911) must be clearly posted at each PSP location.
 - (c). Must be equipped to return the coins to the caller in the case of an incomplete call, except messages to a Feature Group A access number.
 - (d). Must provide free access to dial-tone and toll free numbers (e.g., 800, 877, and 888).
 - (e). Must complete calls to local and long distance directory assistance.
 - (f). Must provide free access to the responsible party for repairs or refunds. The Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.
 - (g). Must be equipped with a legible sign, card, or plate of reasonable permanence that shall identify the following:
 - i. The telephone number and location address of the payphone station, name and certificate number of the certificate holder, the party responsible for repairs and refunds, address of responsible party, free phone number of responsible party, clear dialing instructions (including notice of the lack of availability of local or toll services) and the local coin rate.
 - ii. For those payphone stations that will terminate conversation after a minimum elapse of time, notice shall be included on the sign card as well as an audible announcement 30 seconds prior to termination of the phone call.

5.3 Basic Local Exchange Service, (Cont'd.)

5.3.10 Payphone Service Provider (PSP) Services (Cont'd)

5.3.10.A Rules and Regulations (Cont'd)

- (h). Each payphone station that provides access to any interexchange company must provide coin free access to all locally available interexchange companies (except for Feature Group A access). The payphone station shall provide such access through the forms of access purchased by locally available long distance carries such as 10XXX+0, 10XXXX+0, 101XXXX+0, toll free (e.g., 800, 877, and 888) access.
- (i). All 0- calls shall be routed to a telecommunications company that is authorized by the Commission to handle 0- calls. All other calls, including operator service calls, may be routed to the PSP's carrier of choice, unless the end user dials the appropriate access code for their carrier of choice, i.e., 950, 10XXX, 10XXXX, 101XXXX, and toll free access (e.g., 800, 877, and 888).

11. Each payphone station:

- (a). Must allow incoming calls to be received at all times, with the exception of those locations at hospitals, schools and locations specifically exempted by the Commission. There shall be no charge for receiving incoming calls.
- (b). A PSP may petition the Commission for an exception from the incoming call requirement for a period that shall not exceed two years from the effective date of the Order granting the exemption. Where incoming calls are not received, central office based intercept shall be provided at no charge to the end user and a written notice shall be prominently displayed on the payphone directly above or below the telephone which states: "Incoming calls blocked at request of law enforcement."
- (c). Must be connected to an individual access line.
- (d). Must permit outgoing calls to be placed at all times. Each pay telephone service company shall make all reasonable efforts to minimize the extent and duration of interruptions of service. Service repair programs should have as their objective the restoration of service on the same day that the interruption is reported to the company (Sundays and holidays excluded).

16. Toll Fraud Liability (Cont'd)

- ii. Charges for collect or third number billed calls, if the line to which the call was billed was subscribed to incoming call screening and the call was placed after the effective date of the incoming call screening order. Any call billed through the provider of local exchange telecommunications services or directly by an interexchange company, or through a billing agent, which have been identified as not collectible as described above, must be removed from any PSP's bill after the PSP gives notice of the fraudulent charges to the billing party. Pay telephone providers shall give such notice to the provider of local exchange telecommunications services and the interexchange company in writing no later than the due date of the bill.
- iii. The provider of local exchange telecommunications services is responsible for charges described in a. above that are associated with the failure of the provider of local exchange telecommunications services' screening services.
- iv. The interexchange company is responsible for charges described above that are associated with the failure to properly validate calls via the appropriate provider of local exchange telecommunications services' database. (C)
- v. Any charges accrued to a line when the subscriber has subscribed to the provider of local exchange telecommunications services to screen calls described above shall not be the basis for discontinuance of local and intrastate service. (C)

17. Providers serving confinement facilities shall provide for completion of all inmate calls allowed by the confinement facility.

18. Pay telephones stations located in confinement facilities shall be exempt from the preceding requirements except that outgoing local and long distance calls may not be terminated until after a minimum elapsed time of ten minutes. Audible and written disconnect notifications shall apply, and one access line shall not be connected to more than three pay telephone stations (C)

5.5 Remote Call Forwarding

1. Remote Call Forwarding ("RCF") is a service whereby a call placed from a station (the originating station) to a customer's (the RCF customer) telephone number (call forwarding location) is automatically forwarded by Company central office equipment to another station designated by the RCF customer (terminating station).
2. Limitations
 - a) Remote Call Forwarding service is offered subject to availability of suitable facilities.
 - b) RCF is not offered where the terminating number is a coin or coinless pay telephone.
 - c) The Company does not guarantee identification of the originating telephone number to the Remote Call Forwarding customer.
 - d) Transmission quality may vary depending on the distance and routing necessary to complete a call. Since RCF service "tandems" two calls into one call, normal transmission quality is not assured for calls forwarded via RCF. Nonetheless, the resulting transmission performance will generally meet the RCF customer's voice-grade needs. Service arrangements which tandem more than two calls into one are more likely to result in unacceptable transmission quality; therefore, the Company will not knowingly forward calls via RCF to another telecommunications service arranged for permanent call forwarding. This policy can be administered only at the time RCF is ordered, and applies only in the forwarding direction. The services to which RCF calls are forwarded are provided independent of the RCF service and may not be within the Company's jurisdiction. Further, such services can be changed subsequent to the provision of an RCF service. Consequently, it is impractical to assure that such increased tandem forwarding never occurs. Where the Company is aware of such a service configuration, it reserves the right to modify such arrangements. Modifications may include, but are not limited to, changing the associated forwarded to number or termination of the RCF service. The RCF customer will be responsible for normal tariff charges for such changes.

SECTION 5.0 – LOCAL EXCHANGE SERVICE, (CONT'D.)

5.5 Remote Call Forwarding, (Cont'd.)

- e) Remote Call Forwarding is not suitable for satisfactory transmission of data.
- f) RCF is provided on the condition that the customer subscribe to sufficient RCF features and facilities to adequately handle calls to the RCF customer without interfering with or impairing any services offered by the Company. If in the opinion of the Company, additional Remote Call Forwarding features at the call forwarding location or facilities at the terminating station line are needed, the customer will, where appropriate, be required to subscribe to such additional RCF features and facilities. In the event the customer refuses to subscribe to such additional RCF features and facilities, said customer's RCF service shall be subject to termination.
- g) When the Call Forwarding number is to be located in a multi-office exchange, the Company will determine the serving central office.
- h) Remote Call Forwarding will be provided for local calling where the RCF telephone number and the terminating station are both located in the same exchange. Further, Remote Call Forwarding will be provided for local calling on an interexchange basis in those instances where the exchange serving the RCF telephone number and the exchange serving the terminating station have the identical local calling area within the same county, or are within an Extended Area Service arrangement as specified in this Tariff. All other calls will be sent-paid (1+) only.
- i) Where a business directory listing is provided for the RCF number, calls will not be forwarded to a Company-provided telephone service for which residential rates apply.
- j) Where calls are to be forwarded to telephone service other than that of the RCF subscriber, it shall be the responsibility of the RCF subscriber to obtain permission for such forwarding from the subscriber to the other service and to determine a mutually acceptable number of access paths. Where the other subscriber contests such forwarding or the number of access paths, the Company reserves the right to modify the RCF service to the extent necessary to eliminate the other subscriber's complaint. The RCF subscriber shall be responsible for the tariffed charges for any resulting rearrangement of the RCF service.

6.2 Directory Assistance Service

6.2.1 A Customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service. A Directory Assistance Charge applies for each call to Directory Assistance for telephone number(s), area code(s), and/or general information requested from the Directory Assistance operator except as follows:

- (a) Requests in which the Directory Assistance operator provides an incorrect number. The Customer must inform the Company of the error in order to receive credit.
- (b) Customer experiences poor transmission or is cut-off during the call.

Customers will be provided with a maximum of two (2) telephone numbers for each call to Directory Assistance.

Unless one of the exceptions listed above applies, the charges as shown below apply for each request made to the Directory Assistance operator:

Direct-Dialed	\$3.99 (I)
---------------	------------

6.2.2 Directory Assistance Call Completion

Directory Assistance Call Completion is a service available to customers who call the Directory Assistance Operator. After the operator provides the requested number, the operator will request whether the customer wishes the operator to complete the call to the requested number. If the operator completes the call for the customer, the following charge applies:

Each Directory Assistance Call Completed by the Operator	\$0.44

SECTION 6.0 - MISCELLANEOUS CHARGES AND SERVICES, (CONT'D.)

6.3 Operator Services

Operator Services are offered to Customers. Operator Services allow Customer to place calls using operator assistance for call completion or billing.

Usage charges and an appropriate service charge will be assessed on a per call basis, as stated in this tariff. For calls made using a telephone company card, acceptance of the card will be dependent upon the Company's ability to verify the card as valid. Only those cards accepted by the Company may be used for Operator Services. The Company reserves the right to verify acceptance of charge prior to billing charges to a third party number.

- 6.3.1 Operator services may be used by the presubscribed Customer to complete Person-to-Person, Operator or Mechanized Station (including Collect and Third-Party), and/or Calling Card calls.
- 6.3.2 Charges for Operator Assisted Calls include two components: a usage-sensitive component based upon the duration of the call; and a fixed service charge based upon the type of operator service provided.
- 6.3.3 The Company shall not bill the Customer for any surcharges or fees imposed by a third party.
- 6.3.4 Service may be suspended by the Company, without notice to the Customer, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer Authorization Codes, Calling Cards or credit cards, when the Company deems it necessary to take such action to prevent unlawful use of service. The Company shall restore service as soon as it can be provided without undue risk, and shall, upon request by the Customer affected, assign a new Authorization Code to replace the one that has been deactivated. The Company reserves the right to validate the credit worthiness of Customers through available credit card, Calling Card, called number, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the Customer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.

6.4 Toll Presubscription

- 6.4.1 Toll Presubscription is a procedure whereby the Customer designates to the Company the IntraLATA and InterLATA Toll Providers, i.e., Interexchange Carriers (IXCs) that the Customer wishes to be its carrier(s) of choice for toll calls. Such calls are automatically directed to the designated carrier(s) without the need to use carrier access codes or additional dialing to direct the calls to the designated carrier. Toll presubscription does not prevent a Customer who has presubscribed to a toll carrier from using carrier access codes or additional dialing to direct calls to an alternative toll carrier on a per call basis.

Each carrier will have one or more access codes assigned to it for various types of service. When the Customer selects a carrier as its preferred IXC, only one access code of that carrier may be incorporated into the switching system of the Company permitting access to that carrier by the Customer without dialing an access code. Should the Customer wish to use other services of the same carrier, it will be necessary for the Customer to dial the necessary access code(s) to reach that carrier's other service(s).

An IXC must use Feature Group D (FGD) Switched Access Service to qualify as a presubscription toll provider unless prior arrangements have been made with or by the Company. IXCs must submit an Access Service Request (ASR) to the Company.

Selection of toll presubscription providers by an end user is subject to the terms and conditions following.

- 6.4.2. At the option of the IXCs, the nonrecurring charge for a change in toll presubscription, as provided herein, may be billed to the IXCs, instead of the Customer. This may involve charges resulting from Customer initial free choice Preferred Interexchange Carrier (PIC), as specified in 6.4.3.A following.

SECTION 6.0 - MISCELLANEOUS CHARGES AND SERVICES, (CONT'D.)

6.4 Toll Presubscription, (Cont'd.)

6.4.3 Presubscription Charge Application

A. Customer choices for toll presubscription:

- (1) Designating an intraLATA and interLATA IXC(s) as primary carrier(s) thereby requiring no access code to access those IXCs' service. A Customer is not required to choose the same IXC for intraLATA and interLATA toll presubscription. Other nonpresubscribed IXCs are accessed by dialing 10XXX, 101XXXX, or other required codes.
- (2) Choosing no carrier as a primary carrier thus requiring 10XXX or 101XXXX code dialing to access all IXCs.

B. If a new Customer cannot decide upon presubscription IXCs, the Company may extend a 30-day period following completion of the initial service request to make a choice without charge. In the interim, the Customer will be assigned as a 'No-PIC' and must dial an access code to make toll calls.

C. If an IXC elects to discontinue Feature Group, the IXC is obligated to contact, in writing, all Customers who have selected the canceling IXC as their preferred toll provider. The IXC must inform the Customers that it is canceling its Feature Group D Service, request that the end user select a new IXC, and state that the canceling IXC will pay the PIC change charge as provided herein. The IXC must provide written notification to the Company that this activity has taken place.

Following the IXC's discontinuance of service, the Company will bill the canceling IXC the change charge for each end user that is currently designated to the IXC at the time of discontinuance.

6.4 Toll Presubscription, (Cont'd.)

6.4.3 Presubscription Charge Application (Cont'd.)

- D. An unauthorized PIC change is a change in the presubscribed IXC that the Customer denies authorizing. PIC disputes for Customers are resolved through an investigative process.

If an unauthorized change in toll presubscription occurs, the IXC making the unauthorized change will be assessed a charge for unauthorized change in presubscription as provided in 6.4.6 following. In addition, the IXC will be assessed the applicable charge for returning the Customer to the preferred IXC.

If an unauthorized change in intraLATA and interLATA presubscription occurs at the same time, on the same Business/Residence line, and the presubscribed IXC is the same carrier for intraLATA and interLATA, presubscription change charges as provided herein and in the Company's corresponding F.C.C. Access Tariff apply. In addition, the IXC will be assessed the applicable charges for returning the end user to the preferred IXC as provided herein and in the Company's corresponding F.C.C. Tariff.

6.4.4 Customer Charge Discrepancy

- A. When a discrepancy is determined regarding a Customer's designation of a presubscription IXC, the following applies depending upon the situation described:
- (1) A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Company.
 - (2) When two or more orders are received for a Customer line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date/time determines the Customer's choice.
 - (3) If a Customer denies requesting a change in toll presubscription as submitted by an IXC, and the IXC is unable to produce a letter of authorization, signed by the end user, the IXC will be assessed all applicable change charges. The nonrecurring change charges are provided herein. The IXC will also be assessed the presubscription change charge as specified herein, which was previously billed to the end user.

6.4 Toll Presubscription, (Cont'd.)

6.4.4 Customer Charge Discrepancy (Cont'd.)

B. Verification of Orders for Telemarketing

Neither the IXC or the Company shall submit a PIC change order generated by outbound telemarketing unless and until the order has first been confirmed in accordance with the F.C.C.'s current anti-slamming practices and procedures.

6.4.5 PIC Switchback Option-Business/Residence

PIC Switchback is an option under which no investigation activities are performed by the Company when a Customer denies requesting a change in primary toll carrier submitted by the IXCs. The IXC participating in PIC Switchback will be billed the PIC Switchback Charge, and the presubscription change charge, as specified herein, to switch the Customer to the Customer's previous carrier.

When the Company is contacted by a Customer who denies requesting a change in primary toll carrier, the Customer will be credited the charge assessed for the disputed change in carrier and will be switched back to the previous IXC at no charge. If this service is made available by the Company, IXCs may subscribe to or cancel PIC Switchback Service on 30 days notice to the Company by submitting a written request. A letter of authorization from the IXC will not be requested or accepted at a later date in the event of dispute of the charges assessed under the PIC Switchback option.

This option in no way relieves an IXC of the F.C.C. requirements for verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or instituting steps to obtain verification of orders submitted to the Company.

In addition, the Customer has the option of initiating a complaint to the F.C.C. or the Pennsylvania Public Utility Commission's Bureau of Consumer Services concerning unauthorized changes in toll presubscription.

6.7 Maintenance Visit Charges

Maintenance Visit Charges apply when the Company dispatches, at Customer's request, personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service, or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities. Customers are responsible for maintaining and repairing all inside wires, jacks and equipment (e.g., phones, faxes modems, etc.). Inside wires are those wires on a Customer's side of the Network Interface Device.

(C)

(C)

Maintenance Visit Charges will be credited to the Customer's account in the event trouble is not found in the Company facilities, but the trouble is later determined to be in those facilities. The time period for which the Maintenance Visit Charges is applied will commence when Company personnel are dispatched at the Customer premises and end when work is completed. The rates for Maintenance of Service, therefore, vary by time per Customer request.

Charges per Technician per visit:

Time and Materials Charges

(C)

Initial Charge \$165.00

This charge is for the first hour a technician is at the location and billed every time a technician is dispatched to install a new jack or repair services when a Customer does not have inside wire maintenance protection. This is a separate charge from the Trip Charge.

Time and Materials Additional \$ 30.00

After the first hour a technician is at the location to install a new jack or repair services, Birch will bill \$30 for each additional fifteen minutes the technician is at the location.

Trip Charge \$100.00

A Trip Charge is billed when: (1) at a Customer's request, Birch dispatches a technician to perform work necessary for installing new service, effecting changes in service, or resolving troubles, and access to the Network Interface is not available, or (2) in the event of a Customer call to Birch to resolve a problem, no trouble is found by the technician. A Trip Charge will be imposed when access to the Network Interface is not available at a multi-family dwelling and/or multi-unit commercial facility, resulting in the technician being unable to complete the requested work or to confirm that there is no trouble found on the Company's network. In such cases when the Trip Charge is imposed, no Time and Materials Charge is applicable

SECTION 6.0 - MISCELLANEOUS CHARGES AND SERVICES, (CONT'D.)

6.7 Maintenance Visit Charges (Cont'd)

New Installation \$65.00 per line and per jack

New Installation charges are billed when a customer requests the line be brought from the Network Interface to a specific jack at the time of installation. These charges are also billed when a new jack is requested at the time new service is installed. There is a separate charge per line and also for each jack. New Installation charges are in addition to any applicable Time and Material Charges.

After-hours Time and Materials Charge \$100.00

This charge is billed per instance and is in addition to the standard technician charges for the work that is being completed, including the Trip Charge. This is for Business and Residential customers for services after 5pm Monday through Friday, all day Saturday and Sunday.
