

## Fusion Connect Fees and Surcharge Guide

In addition to the monthly recurring fees, installation, activation, and equipment charges quoted to Customer in the applicable Fusion Connect Service Order, the non-recurring charges (“NRCs”), usage-based fees (“Usage Based Fees”), and miscellaneous fees and surcharges (“Miscellaneous Fees and Surcharges”) set forth herein may apply to the Services. Capitalized terms used in this Fusion Connect Fees and Surcharges Guide and not otherwise defined herein have the meaning given each such term in the MSA or Basic Terms and Conditions, as applicable. Customer acknowledges that Fusion Connect may amend the NRCs, Usage-Based Fees, and Miscellaneous Fees and Surcharges as set forth herein from time to time without notice.

### I. NRCs

CHARGES FOR SERVICE DELIVERY, CONFIGURATION, AND EQUIPMENT		
SERVICE/FEE	AMOUNT	DESCRIPTION
<b>Professional Services</b>	\$225 per hour (billed in 15 minute increments)	Standard Services are delivered as specified in the Service Addendum and/or Network Diagram. Any customization or out-of-scope engineering consultation will be charged on a Time & Material basis using this Professional Services Fee. Non-business hours will be billed at a time-and-a-half (150%). Business hours are Mon-Fri 8:00 am to 5:00 pm local time, excluding federal holidays.
<b>Shipping of initial equipment</b>	Standard Ground Shipping = \$35.00 per shipment  Overnight Shipping = \$60.00 per shipment  Special Shipping arrangements requested by Customer will be as quoted in the applicable Service Order	Domestic shipping of equipment is billed at standard rates.  Large quantities of devices, over size and/or overweight may require several shipments and each will be billed separately at applicable rates.  International shipping rates are on an individual case basis.
<b>Shipping of replacement equipment – rental or in warranty</b>	Included in Service	Overnight shipping of replacement equipment is included for rental and in-warranty equipment.
<b>Shipping of replacement equipment – out of warranty</b>	Standard Ground Shipping = \$35.00 per shipment  Overnight Shipping = \$60.00 per shipment  Special Shipping arrangements requested by Customer will be as quoted in the applicable Service Order	Domestic shipping of equipment is billed at standard rates.  Large quantities of devices, over size and/or overweight may require several shipments and each will be billed separately at applicable rates.  International shipping rates are on an individual case basis.
<b>Return Merchandise Authorization (“RMA”) Regeneration</b>	\$20 per RMA label	RMA shipping labels are valid for ninety (90) days from generation only. Customers who wish to return customer premise equipment (“CPE”) and whose RMA label is no longer valid will be charged the RMA regeneration fee.

## Fusion Connect Fees and Surcharge Guide

<b>Expedited Service</b>	\$100 per location (in addition to the LEC expedite fee)	Fusion Connect offers an "Expedite Service" for Customers who wish to have an order processed faster than the standard service intervals and SLAs. This service is provided by Fusion Connect on a "best efforts" basis and does not guarantee that services intervals will be better than standard SLAs. Customer may request Fusion Connect's Expedite Service, either before the order is created or during order processing, and will be charged an additional fee for each service location and will be given priority handling within Fusion Connect operations. Once requested, the Expedite Service fee will be billed irrespective of whether or not the expedite request resulted in a better than SLAs result.
<b>Customer Requested CPE Configuration Charges</b>	\$50 per device per change	If applicable, provided upon approval by Fusion Connect and Customer.
<b>Configuration Fees on Customer Provided Equipment</b>	\$100 per device for standard configuration	Provided upon approval for use of equipment by Fusion Connect.
<b>Configuration Fees on Customer Provided Phones</b>	\$30 per phone for standard configuration	Provided upon approval for use of equipment by Fusion Connect.
<b>Additional Global VPN Configuration Charges</b>	\$30	Per change, per circuit (unless included in Services purchased).
<b>QoS Policy Change</b>	\$30	Per change, per circuit.
<b>Wireless Broadband Excess Usage Fee (Overage)</b>	\$0.03 per Megabyte ("MB")	Wireless Broadband plans have monthly data transfer caps, that when exceeded, result in excess usage being billed to Customers. Excess usage is billed on a per MB basis. Usage fees are non-discountable and non-negotiable with Customer bearing sole responsibility for all usage fees.
<b>Professional Installation – Internet Access Service, Voice, SDWAN, Managed Security Services and Managed Wi-Fi</b>	Professional Installation for Service is quoted in the applicable Service Order Form. The standard fee is \$500 per occurrence and includes up to 3 hours onsite and 150 foot of copper CAT5 cable during standard local business hours. Installations requiring more than 3 hours onsite will incur overtime charges at a rate of \$120 per hour (billed in 15-minute increments).	Standard Professional Installation charge includes the demarcation extension of the circuit as well as the installation and testing of any Access CPE, Voice CPE, Access Points, Security Appliances and Phones. Non-standard installations are billed on an ICB basis as a result of length of wiring, working height, drilling through masonry, extensive time and materials and requirement of more than one field engineer. Customer must be present at time of install to give Fusion Connect Technician access to location. Additional charges apply for any special travel situations such as remote areas and quick turn-around. Travel will be minimal and provided as a flat travel charge per site and mutually agreed upon before dispatch. Regardless of the flat travel amount, it will not exceed \$35 per half hour. In addition to the flat rate fee, Fusion Connect may charge for non-standard business hour requests, parking fees, overnight shipping, expedite fees and other materials.
<b>Self-Installation</b>	Although a Professional Installation is recommended, a self-installation may be possible for some Services including wireless broadband and certain Voice Services, an appointment for Self-installation must be scheduled in advance and includes up to 60 minutes of Fusion Connect support. Additional time will incur charges at a rate of \$120 per hour (billed in 15-minute increments).	For a self-installation, Customer should have skilled personnel to connect the equipment and verify that the Service is operational. Fusion Connect's Support team is available during standard local business hours to troubleshoot and assist with resolving any issues.

## Fusion Connect Fees and Surcharge Guide

<b>Professional Installation – Business Voice Lines (POTS) Services (New or Move)</b>	Professional Installation for Business Voice Lines (POTS) Service is quoted in the applicable Service Order Form. The standard fee is \$99 for each new local phone line installed or each local phone line moved to a different Service address.	Installation charge includes installation or move of one new local phone line. Additional charges apply for any special travel situations such as remote areas and quick turn-around. Travel will be minimal and provided as a flat-travel charge per site and mutually agreed upon before dispatch. Regardless of the flat-travel amount, it will not exceed \$35 per half hour. In addition to the flat-rate fee, Fusion Connect may also charge for parking fees, overnight shipping, expedite fees and other materials.
<b>Professional Installation – Alarm and Safety Line Services</b>	Professional Installation for Alarm and Safety Line Services is quoted in the applicable Service Order Form. The standard fee is \$500 per occurrence for up to 2.5 hours onsite and 1 hour of testing and turn-up support during standard local business hours. Installations requiring more than 2.5 hours onsite will incur overtime charges at a rate of \$120 per hour (billed in 15-minute increments) for onsite work or \$200 per hour (billed in 15-minute increments) for remote engineering support.  Onsite overtime charges may apply if Customer fails to provide site-specific alarm vendor contact information at least 6 days in advance of installation. Extensive cable routing or checking cellular signal levels at multiple device locations requires additional installation time and onsite hourly overtime rates may apply.	Installation charge includes the installation or migration of one Fusion Connect-provided Alarm and Safety Line Service device, the connection of the device to Customer’s existing broadband internet circuit, the connection of optional wireless services (if purchased for a separate charge), and operational testing of the Fusion Connect-provided equipment.  Professional Installation for Alarm and Safety Line Services does not include locating, tagging or installing wiring. Testing past Customer’s demarcation point; and connecting to Customer-provided equipment, including but not limited to fax machines, point-of sale, fire panels and alarm systems, are also out-of-scope unless a separate, billable Site Survey has been completed.  Additional charges apply for any special travel situations such as remote areas and quick turnaround. Professional Install charge still applies when technician arrives onsite and the site is not ready to accept the performance of work (e.g., no power, etc.), or when Fusion Connect receives notice that a dispatch must be cancelled with less than 4 business days’ prior notice from Customer. Expedited dispatches (less than 4 business days) incur an additional \$175 charge. An additional \$100 charge applies when an individual site requires a certificate of insurance naming Customer or the site as an additional insured.
<b>Basic Change Charge</b>	\$20 per occurrence	Basic changes to account features (e.g., Changing long distance providers, adding a PIC freeze, etc.).
<b>Mobile Change Charge</b>	\$30 per occurrence	Changes to mobile phones, tablets, and wireless modems (e.g., porting of a mobile phone number).
<b>Billable Repair Dispatch</b>	\$350 (up to 2 hours). Overtime billing is \$120 per hour (billed in 15-minute increments). Additional charges apply for installations outside of standard business hours.	End-User may report service problems resulting in a technician dispatch. If the problem found is not one for which Fusion Connect is responsible, End-User will be charged for the cost of the visit. Examples for which Fusion Connect is not responsible include, but are not limited to, faulty inside wiring that is out of warranty, faulty End-User provided equipment, faulty out of warranty equipment, and any work done per End-User requests. Expedited dispatches (less than 48 hours’ notice) incur an additional charge of \$150.
<b>Site Survey</b>	Site Surveys are quoted in the applicable Service Order Form. The standard fee is \$350 per occurrence and includes one Field Technician for up to 2.5 hours onsite during standard business hours. Site survey requiring more than 2.5 hours onsite will incur overtime charges at a rate of \$120 per hour (billed in 15-minute increments or fraction thereof).	Site Surveys can be used to help determine serviceability, locate, and tag specific lines or circuits, and any construction or materials that may be needed for internal access, voice services or other managed services.  Additional charges apply for requests outside of standard business hours and any special travel situations such as remote areas and quick turn-around.

## Fusion Connect Fees and Surcharge Guide

<b>Extensive Inside Wiring</b>	\$350 per location. Includes up to 2 hours onsite. Overtime billing is \$120 per hour (billed in 15-minute increments of fraction thereof)	Installation of inside wiring at the End-User premise which is typically outside the scope of a normal installation work due to length of wiring, working height, drilling through masonry, extensive time and materials, requirements of more than one Field Engineer onsite executing the installation of special tools or materials needed to execute the installation.
<b>Special Construction Charge</b>	Per Quote	When an End-User's location has insufficient facilities to support the requested service, it may be necessary to add facilities requiring an additional "special construction charge". This charge may include line conditioning such as removal of bridge taps, load coils, or other equipment that is required to be moved to make an internet access Service function, additional copper facilities, coax, or fiber. In the event this occurs, Fusion Connect will notify the End-User, via email, of the cost of these additional construction charges as well as the estimated time to complete the work. The End-User must, via email, agree to pay the additional costs within 3 business days. If End-User fails to do so, Fusion Connect will cancel the order for lack of facilities.
<b>Cancelled/Missed Appointment or Customer Not Ready Fee</b>	\$175	When an End-User's location is inaccessible to the installer either due to the End-User representative not being present on the premises or premises being locked out for access or not accessible in a reasonable and hazard-free manner to conduct installation related activities, or, when a Customer cancels within twenty-four (24) hours of a scheduled appointment, Fusion Connect considers it a Cancelled/Missed Appointment or No Access scenario and applies this fee.
<b>NID Splitter</b>	\$45 each	Electrical wiring/equipment that needs to be installed at the End-User's location to extend existing wiring to support the installation.
<b>SD-WAN Enterprise Advanced Security</b>	TBD depending on design	Fusion Connect reserves the right to charge additional non-recurring and recurring monthly charges for Advanced Security designs outside of our base configuration. Charges may vary depending on design.
<b>E911 Record Correction Fee</b>	Standard Updates - \$30 each instance  Emergency Updates resulting from Customer E911 calls which have been incorrectly routed due to a failure by Customer to effectuate an E911 Record Update - \$150	Customers for Voice Services including, but not limited to PBX and Cloud PBX Services, who are able to activate new positions/seats/extensions with direct-in-dial (DID) numbers are required to configure the platform to present the appropriate number for identification and update the 911 location database before activating/releasing the new position for testing or use ("E911 Record Update"). Customer will be charged the E911 Record Correction Fee each time Customer fails to correctly complete the E911 Record Update.
