Contact Center as a Service (CCaaS)

Fusion Connect for a Superior, Customer-Centered Contact Center

A Scalable Cloud-based Solution

Fusion Connect Call Center delivers Contact Center as a Service (CCaaS) services that fits your business. From standard offerings, to feature-rich, end-to-end, omnichannel capabilities. Improve your customer experience while reducing costs, with services from Fusion Connect.

Fusion Connect CCaaS Includes:

Predictive Dialer

Proactively connect with current and prospective customers – tripling or quadrupling connect rates over manual dialing.

Automatic Contact Distribution (ACD)

Route inbound calls to agents based on caller data, IVR selection, business hours, and agent skills to optimize each caller's experience.

Omnichannel

All-in-one digital customer engagement solution that includes popular messaging apps, SMS, social media channels, and chatbots.

Monitor / Coach / Barge

Allow supervisors or managers to listen in on live calls. Enable supervisors to speak directly to agents during calls without the caller hearing. Also, supervisors can join the call, effectively creating a 3-way conference with the agent and the caller.

CRM Integration

Integrates with Sales Force and Microsoft Teams. Provides Screen Pops for any CRM or Website.

Screen Recording

Capture agents' desktop activity during calls. Let synchronized playback of voice and screen recordings provide the context you need for a complete picture of every customer interaction.

Quality Management

Efficiently evaluate customer interactions and provide agents with actionable feedback.

Interactive Voice Response (IVR)

Create IVR call routing flows for a better customer experience.

Helpful Guides

Help customers, and agents, with an AI-powered knowledge base.

Designed for Cost Savings

Pay for What You Need

Calls queue in the network, so you avoid excess lines and trunks at each location.

Support

24/7/365 Support is included, so you avoid maintenance and support contract costs.

Simplified Management

No hardware or software to maintain.

Optimized for Hybrid Workforce

Work with a mix of on-site staff as well as remote, part time/ temporary, and offshore agents.
