

WHY FUSION?

- Single Source Solution: One Call, One Contract, One Invoice
- Advanced, Proprietary Cloud Services Platform
- Flexible, Integrated Product Portfolio
- Robust, Fully Diverse and Redundant National Network
- Two live, U.S.-based NOCs Provide 24x7x365 Monitoring and Technical Support

FusionWorks UC-One SaaS accelerates teamwork with unified messaging tools. Call, chat, video conference and screen share, in one app, on any device - anytime, anywhere.

My Room

- ▶ Improve teamwork by bringing together individuals and virtual workgroups for scheduled and impromptu meetings
- ▶ One-click entry into the conference session; one-click escalation from chat to audio or video conferencing
- ▶ Content shared between meeting participants is displayed and accessible, such as emails and documents from popular business applications, including Google G Suite, Microsoft Office 365, Outlook, and more

Presence & Instant Messaging

- ▶ See when your contacts are available
- ▶ Conduct one-on-one or group IM chats
- ▶ Escalate from IM chat to audio or video conference with a single click
- ▶ View presence from within Microsoft Outlook, and click to chat, text or call

OS and Device Support

- ▶ FusionWorks UC-One SaaS application works with popular operating systems and devices including Windows PCs, Mac OS X, iPhone, iPad, Android smartphones and tablets

Desktop/Screen Sharing

- ▶ Share your screen easily, with up to 30 participants
- ▶ Swap screen sharing permissions with guests
- ▶ Make meetings more collaborative; keep attendees engaged

HD Video and Voice Calling

- ▶ Add a personal touch to communicating with colleagues, distributed teams, partners and customers
- ▶ See real-time reactions during calls; help everyone stay engaged
- ▶ Build consensus and improve understanding through visual cues
- ▶ Use your softphone, desk phone, and/or mobile phone interchangeably for outbound and inbound calling using your business line and company minutes plan

Calendar Scheduling

- ▶ Calendar integration makes it easy to schedule a follow-up meeting with one click
- ▶ Meeting invitations can automatically be sent to all members in the room
