SECTION 6 - MISCELLANEOUS SERVICE DESCRIPTION AND RATES

6.1 Directory Listing Service

6.1.1 General

For each Customer of Company provided Local Exchange Access Service, the Company shall arrange for the listing of the Customer's main billing telephone number in the directory(s) published by the dominant Local Exchange Carrier in the area.

The following rules and charges apply to listings in the white pages of the telephone directory and to the Directory Assistance records.

Only information necessary to identify the Customer is included in the listings. The Company may use abbreviations in listings. The Company may reject a listing, which is judged to be advertising. It may also reject a listing it judges to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the subscriber is legally doing business under that name.

A name may be repeated in the white pages only when a different address or telephone number is used.

The Primary (Published) listing is included with local service at no additional charge and consists of the following:

- The name under which a business is conducted by the Customer
- The address of the Customer
- The main telephone number of the Customer

This information will appear in the white pages of the Local Telephone Directory and the Directory Assistance Database.

If a published listing is desired at a later date, there may be a delay in publishing the listing.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. Caller ID Blocking - allows the Customer to prevent their Caller ID from being sent to the called party on an individual call.
