

Cable Broadband Access

Business-class Bandwidth

An always-on, high-speed data connection to the Internet.

The Fusion Connect Cable Broadband solution is a business-class broadband connection.

Packed with productivity-enhancing features, Fusion Cable Broadband supports multiple users, websites, and enterprise applications. Cable Broadband Access is asymmetric, where the download speed is faster than the upload speed.

Cable Broadband Access Features & Benefits

- Cable connection
- Business-class customer premises equipment
- 1 static IP (except for Dynamic IP products)
- With Fusion Connect Cable Broadband you get a wide range of speeds from 1 Mbps to 1 Gbps.

Fusion Connect Cable Broadband service includes all of the following:

- Professional installation
- An online customer portal to simplify billing and account management
- Business-class routing equipment

With Fusion Cable Broadband, you get a completely managed provisioning and installation process, a wide range of speeds to support your needs, and 24/7/365 support, all backed by industry-leading SLAs.
