How do I read the Services tile?

The Services tile displays a list of the services that Fusion Connect offers. Services you currently subscribe to will appear in **bold** with the number of sites you have in parentheses next to the service type.

Note: Services you do not currently subscribe to will appear in grey.

Services ?				
Internet (1) 	Managed Network & Security (1) 	Unified Communications (6) 	IT Software & Services (5) 	WiFi (0) 
Equipment (57) 	Phone Lines (0) 			

You can select a service you subscribe to for more information about the product and access the product portal as an administrator.

You can click the **Help (?) icon** (top right corner), to access helpful "How To" links to PDF User Guides which also provide quick clip video(s) for each section of the Tile:
