Your verbal or written Service Order or any use of Fusion's Service constitutes agreement to all of the rates, terms, and conditions set forth in this Service Guide, including any other documents specifically incorporated herein.

The provisions of this Service Guide apply only to retail intrastate telecommunications Services furnished by Fusion and do not apply, unless otherwise specified, to any other services, including, without limitation, Information Services and other unregulated services offered by Fusion. Except as expressly specified in this Service Guide with respect to particular Service plans ordered by Customers, the rates and charges set forth in this Service Guide do not cover lines, facilities, or services furnished to Customers by other carriers, including, without limitation, lines, facilities, or services that are used by Customers to access Fusion's long distance Services or to complete calls to or from points beyond Fusion's local network calling areas. Customers are solely responsible for obtaining any customer premises equipment and for establishing suitable agreements or other arrangements with other carriers that may be needed to access and use Fusion's Services.

The provisions of this Service Guide, together with any Applicable tariffs, establish the sole and exclusive rates, terms, conditions, and understandings pertaining to Fusion's provision and use of Services ordered, and supersede all prior agreements, proposals, representations, and understandings, whether written or oral, with respect to such Services. No provisions of this Service Guide may be changed, waived, amended, or modified in any manner except pursuant to a Written Contract that has been duly executed by Fusion for such purpose.

In the event of any conflict between the provisions of this Service Guide and any duly executed Contract, such conflict will be resolved by giving preference, first, to the applicable Written Contract provisions and, second, to this Service Guide.

The rates, rules, terms, and conditions contained in this Service Guide are subject to change at Fusion's sole discretion. Customers will be notified of changes through bill messages or inserts or otherwise in accordance with applicable law and regulations prior to the date on which changes become effective. Changes will also be posted on Fusion's website at <http://www.fusionconnect.com/regulatory-tariffs>. Your continued use of Fusion's service following any such changes constitutes your agreement to such changes.

This Service Guide is governed by and interpreted according to applicable laws and regulations of Michigan.

### 3.3 Rates Based Upon Distance

Where charges for a service are specified based upon distance, the following rules apply: Distance between two points is measured as airline distance between the Rate Centers of the originating and terminating telephone lines. The Rate Center is a set of geographic coordinates, as referenced in National Exchange Carrier Association, Inc. Tariff FCC No. 4, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the Rate Center of the Customer's main billing telephone number.

## SECTION 3 - SERVICE OFFERINGS, Continued

### 3.4 Calculation of Distance

Usage charges are based on the airline distance between the serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by area code and exchange numbers. All calls are billed from the End User's serving wire center to the terminating point serving wire center.

The distance between the originating point and that of the destination point is calculated by using the "V" and "H" coordinates as defined by NECA Tariff FCC No. 4, in the following manner:

- Step 1: Obtain the "V" and "H" coordinates for the originating point and the destination point.
- Step 2: Obtain the difference between the "V" coordinates of each of the Rate Centers. Obtain the Difference between the "H" coordinates.
- Step 3: Square the differences obtained in Step 2.
- Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

### 4.8 Rates by Individual Contract Basis (ICB)

In lieu of the rates otherwise set forth in this service guide, rates and charges, including minimum usage, installation, special construction and recurring charges for the Company's services may be established at negotiated rates on an individual contract basis (ICB), taking into account the nature of the facilities and services, the costs of construction and operation, the volume of traffic, the length of service commitment by the Customer, and use of facilities by other customers. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligation and regulation set forth in this service guide shall be incorporated into, and become a part of, said contract, and shall be binding on the Company and the Customer. Specialized rates or charges will be made available to similarly situated customers on a non-discriminatory basis.

In addition to any rate or charge established by the Carrier, the Customer will also be responsible for any recurring or non-recurring charges imposed by local exchange telephone companies incurred by or on behalf of the Customer in establishing and maintaining service. Such charges may be billed by the Carrier or directly by the local exchange company, at the Carrier's option.

Upon completion of any contractual arrangements entered into under this section, the Company will file additional service guide sheets as an amendment to this service guide summarizing the services, rates, terms, conditions, and duration of the contract, and will make the contract itself available to the Commission upon the Commission's request. The Company reserves the right to protection from public disclosure of proprietary information contained in such contracts as allowed under law.

## SECTION 4 - RATES AND CHARGES, Continued

### 4.9 Promotional Offerings

The Company, from time to time, may make promotional offerings of its services, which may include waiving or reducing the applicable charges for the promoted service. Promotions will be filed as separate tariff sheets under this section.

All promotions will be limited in duration, and will identify a definite, reasonable time period during which the promotion will be in effect. A promotion may also be limited as to the locations where the offerings are made. A promotion may also, if so designated, provide for its conclusion upon the occurrence of a promotion-related event that is reasonably certain to occur, although the timing may not be certain.

All promotions shall be made available to other carriers for resale, and shall be priced, in conjunction with the entire service offering as a whole, above the Company's total service long run incremental cost.

Promotions will be implemented with at least one day's notice prior to the effective date of each promotion.
